Fully customizable to your exact needs. The durable container design is completely waterproof, protects you and your equipment from the elements and any potential security threats.

We are offering mini renewable power stations in a Off-Grid shipping Container ready to be deployed worldwide. These include solar PV panels and mountings.

Discover the transformative potential of solar panels on shipping containers. Explore custom kits, modular configurations, and innovative applications.

High-efficiency Mobile Solar PV Container with foldable solar panels, advanced lithium battery storage (100-500kWh) and smart energy management. Ideal for remote areas, emergency ...

LZY mobile solar systems integrate foldable, high-efficiency panels into standard shipping containers to generate electricity through rapid deployment generating 20-200 kWp solar ...

LZY Mobile Solar Container System - The rapid-deployment solar solution with 20-200kWp foldable PV panels and 100-500kWh battery storage. Set up in under 3 hours for off-grid ...

Convert shipping containers into mobile power stations equipped with generators or solar panels. These can be deployed to remote areas or disaster-stricken regions to provide temporary ...

We make mobile solar containers easy to transport, install and use. Make the next step towards renewable energy with our Solarcontainer! The challenges of our time are more present than ...

The Intech Energy Container is a fully autonomous power system developed by Intech to provide electricity in

off-grid locations. Each container is equipped with a photovoltaic array, a battery ...

We make mobile solar containers easy to transport, install and use. Make the next step towards renewable energy with our Solarcontainer!

100-foot off-grid solar power container used in Lao power station Intech Energy Container The Intech Energy Container -- or ECON -- is a modular, pre-configured off-grid power solution. It ...
