Our mobile energy storage system is designed for maximum versatility and compatibility across a wide range of electric charging applications. It supports multiple types of DC charging guns, ...

Today, at a ribbon cutting ceremony at SCG's cement plant in Saraburi Province, Thailand, Rondo Energy and SCG Cleanergy, a subsidiary of SCG specializing in clean ...

Southeast Asia's first heat battery - the world's first commercial heat battery at a cement plant - opens the path to simple, low-cost industrial decarbonization.

MOBIPOWER hybrid clean power containers combine battery energy storage systems with off-grid solar containers for remote industrial sites in Canada & USA.

The Low Voltage Mast-T60K-A Mobile Energy Storage System offers flexible modular capacity options ranging from 60kWh to 100kWh, with operating noise below 60dB. Equipped with A+ ...

"Rondo has brought to market the world's first scalable, low-cost, high temperature thermal energy storage solution, and this project is the first step of getting this technology to ...

This modular, high-energy-density high-voltage solution provides efficient and sustainable energy security for enterprises, factories, commercial buildings, etc. with excellent performance, ...

In its annual report for 2022 Taiwan Cement said it was planning to using NHOA's technology to build seven other large-scale energy storage projects at sites in Taiwan ...

solution, and this project is ...

Batterlution 60 kWh Energy Storage System (ESS) represents a cutting-edge commercial energy storage solution designed for versatile applications. Comprising six sets of battery units, each ...

We're excited to present our innovative containerized energy storage system, the C& I-EnerCube, designed to revolutionize high-capacity industrial battery storage for commercial and industrial ...
