In cooperation with Munich Airport, the mobile energy container is being used to charge electric vehicles in a trial project that is expected to last 12 months. The energy ...

The Solarfold photovoltaic container can be used anywhere and is characterized by its flexible and lightweight substructure. The semi ...

We make mobile solar containers easy to transport, install and use. Make the next step towards renewable energy with our Solarcontainer! The challenges of our time are more present than ...

In the capital of the German state of Bavaria, an innovative system for sustainable energy generation and at-source output is ...

PFCP80 80kWp Foldable Photovoltaic Container integrates 96pieces of595Wp high-efficiency PV modules (23% conversion efficiency) into a collapsible container design, delivering reliable off ...

In cooperation with Munich Airport, the mobile energy container is being used to charge electric vehicles in a trial project that is ...

We make mobile solar containers easy to transport, install and use. Make the next step towards renewable energy with our Solarcontainer!

The 20ft Mobile Solar Container by HighJoule offers 80KW of solar power using high-efficiency 480W modules. With an industrial-grade build, it's an excellent choice for mid-sized, scalable ...

Picture an airport that powers its entire operation using nothing but sunlight. This isn't a glimpse into the
