What arc flash mitigation solutions are available?

Improve safety with our extensive portfolio of arc flash mitigation solutions including arc quenching and arc-resistant switchgear, Power Xpert XGIS switchgear, Power Xpert Dashboard, Power Defense molded case circuit breaker, Insulgard, arc flash relays and more.

What is arc resistant switchgear?

Unlike conventional switchgear, arc-resistant switchgear is designed with reinforced compartments that can withstand incredible pressure increases during high-energy arc faults. Arc-resistant switchgear offers a safe, proven, and cost-effective solution to the problem of arc flash events. Why do I need Arc-Resistant Switchgear?

Who makes arc-resistant switchgear?

Crown Arc-Resistant Switchgear Crown Technical Systems is one of the few companies in the world that engineers and manufactures arc-resistant switchgear. Our original engineering team pioneered the widespread use of arc-resistant gear throughout Canada.

What is an arc flash?

An arc flash is an electrical explosion where energy leaves the circuit that it is contained in and travels through the air. The blast from an arc event combines voltage, heat--up to 35,000 degrees Fahrenheit--and violent concussion. Even with special PPE, those in the vicinity of an arc flash risk injury or even death.

Our arc-resistant switchgear is designed and tested to meet ANSI / IEEE C37.20.7 standards and represents years of research, design, and manufacturing refinements by Crown's expert team ...

Point Eight Power offers a full line of low- and medium-voltage arc-resistant switchgear to help combat the over 30,000 arc flash incidents that occur each year - causing thousands of ...

A facility's electrical systems are examined and analyzed as part of an arc flash study to ascertain the incident energy available for each piece of electrical equipment.

PEECO's Arc-Resistant Switchgear, available in both medium and low voltages, follows all ANSI, UL, and IEEE standard requirements to keep operators and maintenance workers safe and ...

Our arc-resistant switchgear is designed and tested to meet ANSI / IEEE C37.20.7 standards and represents years of research, design, and ...

Improve safety with our extensive portfolio of arc flash mitigation solutions including arc quenching and arc-resistant switchgear, Power Xpert XGIS ...

The Ultra-Fast Earthing Switch UFES is a safe and effective combination of specific arc detection relays and an associated arc quenching device consisting of the so-called primary switching ...

Find many great new & used electrical & power equipment deals and get the best price for 15 KV Siemens #GM-SG, switchgear with arc flash detection at Surplus Record. Trusted by ...

R& B Switchgear Group offer a specialist range of arc flash mitigation solutions for low and medium voltage switchgear, ...

Find many great new & used electrical & power equipment deals and get the best price for 15 KV Siemens #GM-SG, switchgear with arc flash ...

Point Eight Power offers a full line of low- and medium-voltage arc-resistant switchgear to help combat the over 30,000 arc flash incidents that occur ...

The Ultra-Fast Earthing Switch UFES is a safe and effective combination of specific arc detection relays and an associated arc quenching device ...
