What is an RV circuit breaker?

Just like your breaker at home, your RV's circuit breaker is designed to protect you and your camper in the event of a power surge, short circuit, or overloaded plug-in that could be dangerous. A circuit breaker is designed to cut off -- or break -- power to all devices on a particular circuit before they can cause damage.

What is the cost to buy a new RV circuit breaker?

A new RV circuit breaker costs around \$10-\$15 depending on its type and current rating. Modern RVs come equipped with outlets to provide power outside the vehicle to run any appliance. However, it can trip if an appliance draws more power than the breaker's ratings.

What is the best RV breaker box?

The next RV breaker box on our list is the Siemens TL137US Talon 30 AMP Breaker Box. It is available in different AMPs but includes a 30 AMP option and a 50 AMP if you have a larger motorhome. This breaker box comes pre-wired, and installation is straightforward. However, if you aren't confident doing this, make sure you get professional help.
