Who is Bob's containers?

While we are headquartered in Texas, we provide container customization services to the entire US. We offer a variety of options to get in touch with us. Fill out the form to the left or use the options below according to your preference. Bob's Containers is your one stop shop for customizing shipping containers.

What makes a container house unique?

Resistance to severe weather: prepared to withstand long trips overseas, container houses are very resilient to inclement weather and can be located anywhere on the planet. Constructed in accordance with the rules of the IBC: during the design phase and construction phase we have followed all guidelines from the US Residential Building Code.

What are the steps involved in the construction of a container house?

There are several steps involved in the construction of a container house. First step is the 'metal work' (openings and 'bump-outs'), then the framing, plumbing, electricity, and finishing details.
