-----

The system includes our proprietary control technology, highly efficient generator power and energy storage in lithium ion or Gel/AGM batteries ...

Our products are engineered and manufactured in the UK, ready to generate and provide electrical power at the client's premises anywhere in the world. Access to a parts supply chain ...

As one of the leading battery energy storage system manufacturers, GSL ENERGY provides a fully integrated and pre-configured solution to minimize installation time and reduce project ...

The Bluesun 20-foot BESS Container is a powerful energy storage solution featuring battery status monitoring, event logging, dynamic balancing, and advanced protection systems.

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

Our solar inverters are always produced to meet strict British manufacturing regulations irrespective of country of delivery. Double backed British guarantee you can trust.

Our Base system starts with 5.2 Kw PV Solar panels combined with 5Kw single phase inverter and 12.8Kw Lithium Solar storage. We use this as an initial system as panels can be mounted ...

Housed in a 40-foot container, this unit combines advanced lithium battery storage with high-efficiency inverters and a streamlined architecture for seamless integration.

The BESS Series is a State of the art, high-voltage lithium-ion battery power and energy-storage system

containerised in a 20" High Cube container.

The system includes our proprietary control technology, highly efficient generator power and energy storage in lithium ion or Gel/AGM batteries with options for links to renewable power ...

It combines solar PV, battery storage, inverters, and energy management in a rugged container. Ideal for autonomous energy supply wherever grid access is unavailable or undesired.
