The majority-state-owned company Y-TEC is set to open its first industrial-scale lithium battery plant in the city of La Plata, in Buenos Aires province.

This article explores how cutting-edge energy storage systems are transforming Buenos Aires' energy landscape while addressing key challenges in solar/wind integration and grid stability.

Arcadium Lithium, the firm that resulted from the merger between Livent and Allkem, two of the three companies that were already producing lithium in Argentina, accounts ...

Operate and accelerate the development of low-cost lithium projects through innovation, responsibility, collaboration and strategic partnerships. ...

Solar panels and battery packs used at Andrea Ruscitti's house on Isla Paulino. During a televised interview in December, Milei said that the U.S.

Operate and accelerate the development of low-cost lithium projects through innovation, responsibility, collaboration and strategic partnerships. Argentina's largest lithium brine ...

BUENOS AIRES - China's Ganfeng Lithium mining company has begun producing lithium at its Mariana project in northern Argentina, it said on Wednesday, kicking off one of ...

The majority-state-owned company Y-TEC is set to open its first industrial-scale lithium battery plant in the city of La Plata, in Buenos ...

The company specializes in energy solutions, offering high-quality solar batteries, including lithium LFP

models, and installation of efficient energy generation and storage systems.

Arcadium Lithium, the firm that resulted from the merger between Livent and Allkem, two of the three companies that were already ...

In this article, we'll explore the top 10 battery manufacturers in Argentina and their contributions to strengthening the battery supply chain at both the local and global levels.

DLE works like a filter. It pulls lithium ions from the brine in hours instead of months. That means higher recovery, less land use, and a smaller water footprint.
