STRANG is a Miami-based design firm renowned for advancing the principles of Environmental Modernism in extraordinary locations around the world. This concept, dubbed by the firm, ...

The communication base station installs solar panels outdoors, and adds MPPT solar controllers and other equipment in the computer room. The power generated by solar energy is used by ...

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to ...

Each containerized Solarator(TM) BESS can be rapidly deployed in remote, regional, and urban environments within 30 minutes, and we offer redundancies to ensure an uninterrupted power ...

Discover how Higher Wire shipping container solar systems provide reliable, off-grid power for remote worksites and projects.

The exterior of the house received new landscaping, a more intimate courtyard design, and the addition of a lap pool, something always hoped for by Gene Leedy, but realized until today.

Among the innovative solutions paving the way forward, solar energy containers stand out as a beacon of off-grid power excellence. In this comprehensive guide, we delve into ...

Discover the transformative potential of solar panels on shipping containers. Explore custom kits, modular configurations, and innovative applications.
