Are Huawei & Sungrow leading the global inverter market?

" Huawei and Sungrow ranked first and second in the rankings for the 10th consecutive year, combining for 55% of the global inverter market." Total global inverter shipments reached 589 GW (AC) in 2024, up 10% from 2023.

What is the global PV inverter market share?

Global PV inverter shipments grew by 10% to 589 gigawatts alternating current (GWac) in 2024, according to Wood Mackenzie's Global Solar Inverter Market Share Report 2025. The research placed Huawei and Sungrow in the first and second positions in the rankings for the 10th consecutive year, together accounting for 55% of the global inverter market.

Which PV inverter suppliers are based in China?

Nine of the top 10 PV inverter suppliers are based in China. Huawei and Sungrow retained the top two positions for the 10th consecutive year, together accounting for 55% of the global market. Both companies achieved their highest ever market shares in 2024, said Joseph Shangraw, research associate at Wood Mackenzie.

How reliable are Huawei inverters?

long-term reliability. Huawei's R&D team conducts comprehensive evaluations to select relays that meet the inverters' 25-year design life span. These assessments include mechanical and electrical endurance tests, ensuring the relays can withstand frequent switching operations and environmental stresses.

Huawei and Sungrow ranked as the top two global solar inverter manufacturers for the first half of 2025, with scores of 93.9 and 93.7, respectively. This ranking is based on the ...

Global inverter shipments reached 589 GW (AC) in 2024, reflecting a 10% rise compared to the previous year. Growth was particularly strong in the Asia-Pacific region and ...

Hence, in this report, we assess Huawei's experience as a solar inverter manufacturer, the quality assurance of its manufacturing process, the design of the SUN2000 series of inverters and the ...

Global inverter shipments reached 589 GW (AC) in 2024, reflecting a 10% rise compared to the previous year. Growth was ...

Huawei and Sungrow ranked as the top two global solar inverter manufacturers for the first half of 2025, based on the "Global Solar Inverter Manufacturer Rankings H1 2025" ...

Chinese companies made up nine of the 10 largest global inverter suppliers in 2024, with total inverter shipments reaching 589 GW ...

Huawei delivered 176 GWac of PV inverters and extended its global lead with strong performances in China, Europe, Latin America and Africa. Sungrow delivered 148 ...

Huawei delivered 176 GWac of PV inverters and extended its global lead with strong performances in China, Europe, Latin America and ...

Industry stalwarts Huawei and Sungrow topped the leaderboard for the tenth straight year and tightened their grip in the process. The pair shipped a combined 324 ...

Huawei and Sungrow have emerged as the leading global solar inverter manufacturers in the first half of 2025, according to the latest report from Wood Mackenzie. ...

"Huawei delivered 176 GWac of PV inverters and extended its global lead with strong performances in China, Europe, Latin America and ...

Chinese companies made up nine of the 10 largest global inverter suppliers in 2024, with total inverter shipments reaching 589 GW (AC), according to Wood Mackenzie. Chinese ...
