It converts Direct Current (DC) from the battery to Alternative Current (AC) to power the electric motor. It can also be used in reverse ...

Punch Powertrain's modular inverter kit is a versatile and highly customisable solution. We can tailor it towards nominal voltages of 48V, 400V or 800V.

A 48V to 400V pure sine wave inverter is an advanced power electronic device that transforms DC electricity into high-quality AC power. Unlike modified sine wave inverters, it produces a ...

It converts Direct Current (DC) from the battery to Alternative Current (AC) to power the electric motor. It can also be used in reverse mode to charge the battery by transforming ...

The O-Series inverter is a compact, efficient and ISO26262 ready inverter. The product is a perfect fit for multiple HV applications such as e-compressors, auxiliary systems, light ...

Free and clean energy used as marine power inverter, vehicle power inverter and industrial power inverter and so on. Compact and portable for camping, road trip and ideal use ...

Create a backup power system with 48-volt pure sine power inverters that are ideal for reliably powering a large range of electronics, tools and appliances.

The SMCIH-HBH series is a flexible and intelligent hybrid inverter that utilizes solar power, AC utility, and battery power source to supply continuous power. It has programmable multiple ...

Check out our great selection of 48 Volt Pure Sine Wave Power Inverters. We provide the most power at the best price, guaranteed!

Inverter 48v with 400v motor
