Does Portugal have air conditioning?

While Portugal enjoys over 300 days of sunshine a year, summers--especially in the Algarve, Lisbon, and Alentejo --can be intensely hot, and winters surprisingly damp and chilly indoors. That's why choosing the right air conditioning system in Portugal is a crucial part of planning your home or renovation.

Which air conditioners are installed in the Algarve?

Mural (wall mounted) & Floor Mounted Air Conditioners Mural are the most common units installed in the Algarve. They are usually mounted above doors or high up on the walls and quickly become part of peripheral vision. Floor standing units are mounted on the floor like radiators and their position gives them a bias towards heating.

Who is Algarve air & solar?

Trusted by over 10,000 Algarve homeowners for fast, reliable air con and solar repairs -- with same-day service when breakdowns strike. At Algarve Air & Solar, our mission is to provide affordable and reliable Aircon services to our customers. We strive to exceed expectations by delivering quality workmanship and exceptional customer service.

How much does an energy-related renovation cost in Portugal?

There is no universal response to the question of how much an energy-related renovation will cost. The main options for energetic renovations in Portugal are much the same as those in other countries: Solar thermal energy can be used for both heating and hot water. Its average installation cost is 3.250EUR.
