Waterproof portable powerbox stations with LiFePO4 batteries. PS2400 & Powerbox+ series for camping, marine & emergency backup. Up to 2400W solar charging.

Ideal for solar, RV, or marine applications, these DIY kits feature robust enclosures and compatible BMS options. Docan Power ensures fast USA ...

This Starter Solar System Kit includes one 12V20Ah LiFePO4 battery and one 110W SunPower flexible solar panel and one 10A PWM Solar ...

We are born to meet different needs! Redodo 12V 100Ah series is designed for RV energy storage, trolling motors, solar systems, marine equipment, and outdoor power scenarios.

We are born to meet different needs! Redodo 12V 100Ah series is designed for RV energy storage, trolling motors, solar ...

This simple kit is a clean energy, upgradeable, and long-term solar system. Depending on your unique application, this system can both help reduce energy costs when incorporated into an ...

A 12V LiFePO4 battery is more than just a power source; it is the foundation of a resilient and independent off-grid lifestyle. Its superior safety, long cycle life, and high ...

Theses kits have been designed to provide enough power for short stints (1-5 days) off-grid, covering essential 12V loads, low power work from the road devices, and light air conditioning ...

Self Power Supply: The power box kit generates independent power, no need to use the power of solar tracker
