Germany's battery manufacturer BMZ Group will invest 65 million euro (\$70.2 million) to open a new factory in North Macedonia, the government in Skopje said on Monday.

North Macedonia, which has been attracting investments in battery factories, is in talks on a project worth up to EUR 360 million.

North Macedonia, which has been attracting investments in battery factories, is in talks on a project worth up to EUR 360 million, according to Prime Minister Hristijan Mickoski.

That's essentially what lithium battery packs do for renewable energy systems - and Skopje's factories are mastering this craft. Over the past 3 years, North Macedonia's capital has seen a ...

BMZ opens North Macedonia factory by May 2025, creating 700 jobs and boosting global market presence with advanced battery production.

Discover how lithium battery energy storage systems are revolutionizing North Macedonia's renewable energy landscape - and why this matters for global sustainability goals.

The project will be constructed in two phases, with the first phase investing Yuan 3 billion to install lithium battery cells and modules BMS, PACK, Container and other production lines; The ...

The supply chain for current pack production has around 40% local battery components, which the JV plans to increase as cell production is localised. A supplier park is located close to the ...

Imagine a hub where cutting-edge technology meets strategic geographic advantages - that's the battery pack
