Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

Our Solarfold(TM) containers can be fully deployed and operational in under 6 hours. The automated unfolding system allows for quick setup without needing extensive technical expertise or heavy ...

MOBIPOWER hybrid clean power containers combine battery energy storage systems with off-grid solar containers for remote industrial sites in Canada & USA.

We design the off-grid solar container to be modular and rugged so capacity can be added as the camp expands and so it withstands dust and rough handling on construction ...

This is the product of combining collapsible solar panels with a reinforced shipping container to provide a mobile solar power system for off-grid or remote locations.

MOBIPOWER hybrid clean power containers combine battery energy storage systems with off-grid solar containers for remote industrial sites in Canada ...

Mobil-Grid(R) 500+ solarfold is a 20 Feet ISO High Cube container, with CSC certification, which integrates a plug and play pre-wired deployable and redeployable solar plant

Mobil-Grid(R) 500+ solarfold is a 20 Feet ISO High Cube container, with CSC certification, which integrates a plug and play pre-wired deployable and ...

With our pre-configured solar container unit, you can get going quickly, and the folding solar panels for containers can be deployed in less than three ...

This is the product of combining collapsible solar panels with a reinforced shipping container to provide a mobile solar power system for off-grid or ...

From remote construction sites to off-grid industrial operations, the MEOX Mobile Solar Container delivers 24/7 power reliability. By day, its foldable solar panels (N-Type i-Topcon, 590W each) ...

In 2024, Texas rancher John installed two HighJoule 20-foot microgrid energy storage containers with a total capacity of 430kWh. After experiencing multiple grid outages, ...
