-----

This backup battery power supply is designed for use during outages and unsafe voltage fluctuations, and acts as a surge protector with battery backup in the event of ...

All tied to solar panels, diesel generators, or hybrid energy systems, these solar container house solutions can be deployed within hours of arrival at the site, and they give end ...

Explore our uninterruptible power supply solutions for reliable outdoor backup power systems. Trust Solis Energy Inc for hours/day battery backup.

Traditional uninterruptible power supplies (UPS) have long been used to bridge power gaps during outages. However, with the increasing demand for renewable energy, more people are ...

Upgrade your shipping container home or office with a solar power kit and make the transition to off the grid living effortless! This system is designed to easily connect all your essential ...

In short, you can indeed run power to a container - either by extending a line from the grid or by turning the container itself into a mini power station using solar panels.

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

Each solar-powered shipping container generator is transportable, securable, and can be fully customized to your specific needs, including hybrid and microgrid compatibility.

Our line of solar transportable power units (TMSPDC(R) Power AnyWhere Any Time(R)) provides
