Weathering of float glass can be categorized into two stages: "Stage I": Ion-exchange (leaching) of mobile alkali and alkaline-earth cations with H^+/H_3O^+ , formation of ...

Structural means relating to or affecting the structure of something. The explosion caused little structural damage to the office towers themselves.

structural definition: relating to the arrangement or organization of something. Check meanings, examples, usage tips, pronunciation, domains, and related words.

of or pertaining to structure, structures, or construction. pertaining to organic structure; morphological. of or pertaining to geological structure, as of rock. pertaining to or showing ...

The meaning of STRUCTURAL is of or relating to the physical makeup of a plant or animal body. How to use structural in a sentence.

Manufacturers of crystalline silicon solar modules apply glass substrates on the front side of the solar modules. This front glass will either be a patterned glass or a glass with anti-reflective ...

Definition of structural adjective in Oxford Advanced Learner's Dictionary. Meaning, pronunciation, picture, example sentences, grammar, usage notes, synonyms and more.

This paper is intended to assist both the glass fabricator and end user by providing an overview of the most important properties pertaining to glass used in photovoltaic applications.

This chapter examines the fundamental role of glass materials in photovoltaic (PV) technologies, emphasizing their structural, optical, and spectral conversion properties that ...

Chemistry pertaining to or showing the arrangement or mode of attachment of the atoms that constitute a molecule of a substance. Sociology resulting from or ...

Since 1976, STRUCTURAL has served commercial, public, transportation, industrial and power customers, providing a wide range of specialty repair and maintenance services for civil and ...

Despite the abundance of solar radiation, significant energy losses occur due to scattering, reflection, and thermal dissipation. Glass mitigates these losses by functioning as a ...
