---

Türkiye has doubled its solar energy capacity over the past two-and-a-half years to surpass its 2025 target ahead of schedule, signaling the nation's potential for more ambitious ...

Türkiye has doubled its solar capacity in just 2.5 years, surpassing its current target more than a year ahead of schedule. The progress underlines the opportunity for an ...

Türkiye's cumulative solar capacity surpassed 23 GW in June, according to figures from energy thinktank Ember, exceeding the ...

Türkiye's solar power capacity reached over 19 GW in just two and a half years, exceeding its 2025 target by August 2024 and supplying 6% of the country's total electricity, ...

For 2025, the government has defined targets of 5 GW for solar and 3 GW for wind power. The long-term vision extends to 2035, aiming for 120 GW combined capacity from solar ...

Türkiye's cumulative solar capacity surpassed 23 GW in June, according to figures from energy thinktank Ember, exceeding the country's target for 2025. However, a lack of ...

The Major Solar Projects List is a database of all ground-mounted solar projects, 1 MW and above, that are either operating, under construction or under development.

Given the country's geographic location advantage and the high potential for generating electricity from solar energy, its generation capacity is expected to increase from the current 1.2% of the ...

We are stakeholders of the solar energy sector in Turkey, united by the awareness that renewable energy must become the sole source for electricity generation, transportation, and heating in ...

At the end of November 2025, the installed solar capacity reached 24.67 GW, ahead of 24.24 GW for natural gas. Hydroelectric remains the largest energy source in the ...

Given the country's geographic location advantage and the high potential for generating electricity from solar energy, its generation capacity is ...

Türkiye has doubled its solar energy capacity over the past two-and-a-half years to surpass its 2025 target ahead of schedule, signaling the nation's ...
