The Government of Uganda has officially issued a Gazetted Policy Direction authorizing the development of a 100 megawatt-peak (MWp) solar photovoltaic (PV) power ...

The Government of Uganda has officially issued a Gazetted Policy Direction authorizing the development of a 100 MW solar photovoltaic power plant integrated with 250 ...

The company produces advanced solar and energy storage systems for utility-scale, commercial, and off-grid applications, with manufacturing facilities in California, North Carolina, and ...

The 100 MWp solar photovoltaic (PV) power plant integrated with a 250 MWh battery energy storage system (BESS) project will be delivered by U.S.-based Energy ...

The facility will be developed by U.S.-based Energy America, with its East Africa subsidiary, EA Astrovolt, serving as lead project developer and execution partner.

The project, led by EA Astrovolt, the East African arm of U.S.-based Energy America, is part of a wider national goal to integrate more than one gigawatt of solar-plus ...

The Government of Uganda has authorised engineering, procurement, and construction (EPC) contractor Energy America to build ...

The Government of Uganda has authorised engineering, procurement, and construction (EPC) contractor Energy America to build a 100MWp solar PV plant, integrated ...

As Uganda's first diversified lithium battery production company, we provide world-class stationary energy
