20ft 2MWh Outdoor Liquid-Cooled Li-ion Battery Container: Advanced thermal management, weatherproof design. Ideal for renewables, grid support, and peak shaving. Maximize safety & ...

The Bluesun 20-foot BESS Container is a powerful energy storage solution featuring battery status monitoring, event logging, dynamic balancing, and advanced protection systems.

The off-grid box is wired and ready to run, allowing you to take solar-powered refrigeration anywhere in the world. Simply set up the solar panels to enjoy to harness the solar power.

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

Our solar-powered walk-in cool room is a trusted solution across various industries, including events, hospitality, and off-grid tourism. It has also been deployed by governments and aid ...

Unbound Solar carries durable solar battery boxes and enclosures that are perfect for your off-grid or grid-tie with battery backup system. Browse today.

Our battery enclosures can be pole-mounted or ground-mounted and are suitable for indoor and outdoor applications. If you are not sure which enclosure you should choose, please don't ...

Utilizing Tier 1 LFP battery cells, each battery cabinet is designed for an install friendly plug-and-play commissioning with easier maintenance capabilities. Each outdoor cabinet is IP56 ...

The Aldelano Solar ColdBox(TM) is an industrial-grade, portable, solar-powered cold storage mini-warehouse that provides a completely renewable power source, refrigeration and freezing ...

Sunwoda LBCS (liquid -cooling Battery Container System) is a versatile industrial battery system with liquid cooling shipped in a 20-foot container. The standard unit is prefabricated with a ...

Our solar-powered walk-in cool room is a trusted solution across various industries, including events, hospitality, and off-grid tourism. It has also ...

20ft 2MWh Outdoor Liquid-Cooled Li-ion Battery Container: Advanced thermal management, weatherproof design. Ideal for renewables, grid ...
