Ehtca Digital Group is poised to lead and manage projects in the off-grid solar and solar development sectors in West Africa. Our aim is to foster sustainable energy solutions that ...

Made up of 54 countries, Africa gets more sunshine hours than any other continent. It has some of the highest levels of solar ...

Leading off-grid providers like M-KOPA, Sun King, and d.light have deployed millions of PAYG solar systems across East and West Africa. The ability to integrate mobile ...

In West Africa, where millions still lack access to electricity, solar home systems (SHS) offer a ray of hope. These modular renewable energy solutions have been instrumental in bridging the ...

Operating with a small in-built solar panel, connected to a battery and using an LED light bulb, it can transform how rural communities see the world. Its use in places without ...

Solar photovoltaic (PV), especially off-grid systems, is a low-hanging fruit option among various renewable energy technology choices to address universal energy access, ...

The extent of the challenge can sometimes seem daunting: in West Africa alone more than 180 million people remain without access to energy. Only fast and proven solutions will make a ...

Off-grid solar energy solutions, such as solar home systems, offer immediate access to affordable, clean and reliable electricity in places where grid or mini-grid connections ...

Made up of 54 countries, Africa gets more sunshine hours than any other continent. It has some of the highest levels of solar irradiance -- the power of the sun per ...

Using Political, Economic, Social, Technical, Legal and Environmental dimensions, the review and survey showed that economic ...

Off-grid solar is positioned to be the most cost-effective way to provide about half of electricity access under Mission 300 --the joint World Bank Group and African Development ...

Using Political, Economic, Social, Technical, Legal and Environmental dimensions, the review and survey showed that economic challenges have the worst impacts on the ...
