What are Russian circuit breakers made of?

Russian circuit breakers commonly use high-purity copper or silver-copper alloys to maximize electrical conductivity and minimize resistive heating. In premium models--particularly air circuit breakers and high-capacity molded case breakers--contacts are often silver-plated.

Where to buy DC modular circuit breakers?

Scat Technology company offers to buy DC modular circuit breakers at affordable prices. Delivery within Russia and the CIS. Delivery from abroad on request.

What are miniature circuit breakers (MCBs)?

Miniature Circuit Breakers (MCBs) are the most common type used in low-voltage applications across Russia. These compact, fixed-trip devices are widely installed in residential and commercial distribution boards to protect individual circuits.

What is a circuit breaker?

A circuit breaker is a critical safety device in electrical systems, designed to protect circuits from damage caused by overloads, short circuits, or ground faults. In Russia and across the CIS region, various types of circuit breakers are used in residential, commercial, and industrial applications.
